Project Name	ebay web application	
Created by	Priyanka	
Creation Date	14-11-2024	
Approved by	Gethika mam	

Test scenario ID	Module	Test scenario Description
TS_001		Verify that user is able to sign up with valid details (username, email,password)
TS_002		Verify that the password meets the required criteria (e.g., minimum length, uppercase, special characters,)
TS_003	User Registeration	Verify that user receives a confirmation email after signing up.
TS_004		Verify that a user can log in after successfully signing up
TS_005		Verify error message when trying to sign up with an already registered email.
TS_006		Verify that an error message appears if mandatory fields (username, email, password) are left blank.
TS_007		Verify that a user can log in with valid credentials
TS_008		Verify that the user is redirected to the correct dashboard/home page after logging in
TS_009	Login	Verify error message for login with invalid username and valid password
TS_010		Verify error message for login with valid username and invalid password
TS_011		Verify error message for login with both invalid username and password
TS_012		Verify login when the password field is left blank
TS_013	Logout	Verify that a logged-in user can successfully log out by clicking the logout button
TS_014		Verify that after logging out, the user cannot access any pages without logging in again.
TS_015		Verify that a user can search for an item using valid keywords
TS_016		Verify that the search results are relevant to the entered search keyword.
TS_017		Verify that the user can filter search results based on available categories.

TS_018	Search	Verify that the search suggestions are displayed when the user types in the search bar
TS_019		Verify that an appropriate message (e.g., "No results found") is displayed when searching for a non-existent item.
TS_020		Verify search functionality when special characters are entered in the search bar
TS_021		Verify that the search works for case-insensitive keywords (e.g., searching for "Book" and "book" gives the same results).
TS_022	Add to cart	Verify that user is able to add the product in the cart
TS_023		Verify that user is able to remove the product from the cart
TS_024	Add to wishlist	Verify that user is able to add the product in wishlist
TS_025		Verify that user is able to remove the product from the wishlist
TS_026	Order Management	Verify that customers can view their order history.
TS_027		Verify that customers can cancel their order
TS_28		Verify that customer can track their order
TS_29	User profile	Verify that user can update their profile
